- 9 Designer: [Charles & Ray Eames](#)
- 10 Product updated: 29-04-2013
- 11

**DESCRIPTION**

Plastic Armchairs were first presented as part of the famed New York Museum of Modern Art competition, "Low Cost Furniture Design". Their organically shaped seat shells made of fibreglass-reinforced plastic were later combined with various different bases. In their latest version made of polypropylene the Armchairs now offer even greater sitting comfort.
